**LSH Auto Choice Award – 2<sup>nd</sup> Quarter 2019**

We are excited to announce Mercedes-Benz Brisbane's 2<sup>nd</sup> Quarter recipient of the LSH Auto Choice Award; Braden Clutterbuck / Paint Shop Foreman – MBQ Autobody.

Braden joined the Team at MBQ Autobody in July 2015. Employed as a Spray Painter Braden showed a considerable amount of experience, a good attitude and work ethic which led to being promoted to Paint Shop Foreman in July 2017. "Braden is a positive influence at MBQ, he has a great attitude and is always Team focused!"

Braden was happy to sit down with Tamika to discuss his nomination.

### **What do you enjoy the most about your role?**

I enjoy knowing I'm part of a great Team. It's hard to pin-point one part but the guys at MBQ are a great bunch of tradesmen.

**When you were told that you had been nominated for the LSH Auto Choice Award what were your initial thoughts?**

I was completely surprised. I asked myself, "What?!?!? Why me?" I'm still gobsmacked I was nominated.

**Why do you think you were nominated for the LSH Auto Choice Award?**

We have a great Team at MBQ so I don't think I'll ever know 100% why but I feel that I'm one of many at MBQ that always puts 100% into their work. We have a great Manager in Vince and a great Team so to be singled out is surprising.

**What is it that motivates you to get out of bed every day?**

I love being a Spray Painter and I love my role here at MBQ. We get to work on such beautiful vehicles every day in a fantastic workshop!

**Do you have any hobbies or interests outside of work?**

I have a group of friends and we work on projects together; landscaping, building things, you name it we've worked on it. It's different from what I do at work but it's still working with my hands and I love it!

**You have nominated headspace to make a contribution to. Why is it that you chose this charity?**

Headspace is a youth mental health charity; this is something that's very close to heart and something I truly support.

*Established in 2006, headspace was started to provide mental health support to those aged 12 to 25. With a focus on early intervention, headspace works with young people to provide support to help them get back on track and strengthen their ability to manage their mental health in the future. At the heart of their services are the young people they support who play an active role in designing, developing and evaluating the vital support systems offered through their 100+ national headspace Centres, online service and clinical programs across Australia.*
