

HR | The Choice Awards - Postponement **2nd March 2020**

Dear Colleagues,

After reviewing the guidance from the State and Global health authorities and out of an abundance of caution, LSH Auto Australia has taken the difficult decision to postpone, until further notice the upcoming Choice Awards event that was scheduled for the 28th of March.

This decision was not taken lightly, our first priority – now and always – is the health and safety of our employees and guests thus this course of action.

It is our hope that this postponement will be for a limited time hence we will not be making any formal announcements in relation to LSH Auto Australia's annual Choice Award winner or the annual winner of 2019's workshop recognition program. It is our intention to announce the winners at the rescheduled event.

As previously communicated, LSH Auto Australia continues to monitor the major health authorities in relation to Coronavirus and will update our staff on any new developments.

As always, we thank you for your support and understanding.

YOU MATTER. ALWAYS.
