*Payroll Officer  
LSH Auto Australia*

### **LSH Auto Choice Award – 1st Quarter 2020**

We are excited to announce Mercedes-Benz Sydney's first quarter recipient of the LSH Auto Choice Award; Adriana Gudas.

Joining Mercedes-Benz Sydney in April 2017, Adriana has been fundamental in helping to set up and support the payroll function for LSH Auto Australia. With over 500 staff and both fortnightly and monthly payrolls to manage, across three regions Adriana has her work cut out for her but approaches each challenge with her "can do attitude" & willingness to always help anyone with any questions that comes her way.

Zoe sat down with Adriana to discuss her time with Mercedes-Benz Sydney and her nomination for the Choice Awards.

**What do you enjoy the most about your role?**

I like that every day is different from the next, each day has its own set of challenges, what I enjoy the most is the variety and keeps me on the edge, It's very gratifying reconciling at the end of the month & fortnight.

**When you were told that you had been nominated for the Choice Award what were your initial thoughts?**

Shocked and surprised at the same time, I didn't expect such a wonderful validation of my role here at LSH Auto.

**Why do you think people feel you're a positive influence on the culture at MBS?**

I come into work with a happy positive attitude, we are here to support one another.

**What is it that motivates you to get out of bed every day?**

To be able to pass on my knowledge, as we are all still learning.

**What do you get up to outside work?**

Most of my time outside of work is with family, I enjoy reading, gardening and watching shows at the Theatre.

**You've nominated Canteen, why did you choose this charity?**

Canteen supports the young people struggling with the grief of losing a loved one or have a sibling or patient with cancer.

*Established in 1985 CanTeen help young people cope with cancer in their family. Through CanTeen, they learn to explore and deal with their feelings about cancer, connect with other young people in the same boat and if they've been diagnosed themselves, they also provide specialist, youth-specific treatment teams.*

*By feeling understood and supported, young people develop resilience and can rebuild the foundations that crumbled beneath them when cancer turned their life upside down.*
